PERNU FAMILY PHOTO ALBUM

in the care of Kristina E. (Pernu) Berney

Indexed by Bruce Berney, April 2006

The Album measures 9 inches wide x 12 inches high, and about 3 inches thick. The hard front cover may be celluloid or some sort of lacquered composition board. It has a lacy decorative trim on the three opening sides. The cover has a picture of a young child's curley head, with arms crossed as if leaning on a window sill wreathed in daisies. Her elbows point to the spine of the album. The spine and back are covered in red and orange velvet. A strange piece of hardware is tacked onto the back cover which folds downward to make the top of the child's picture about 3/4 inch higher than the bottom. The chance of its scratching a tabletop seems likely. Eighteen pasteboard gold-edged leaves have rounded-top slots for two 4 x 6 inch photos. All but the first leaf which is pasted to the back cover are two-sided, providing for space for seventy photos. This album is full, but about seventeen have no identification, so the numerals run to only 53, starting with the inside of the back cover. If other photos are identified in the future, decimal places could be used. The current identification notes were made by Lauri Pernu sometime before his death in 1977. The album is held shut with a spring loaded brass clasp.
